

Cancellation/No Show Policy

Please notify us at least **24 hours in advance** if you are unable to keep your appointments so that we can reschedule you and schedule another patient in your place.

Last minute cancellations or failure to show for a scheduled appointment will result in a **\$60 charge** to you. Insurance does not pay for late fees which must be paid at the next appointment time.

Every missed appointment hurts three parties:

You – The benefits of your treatment program are reduced.

Other patients – their access to care is reduced.

Human Performance Center – Our cost of service the community is increased.

I have read the above statement and agree to comply with Human Performance Center's No Show/Cancellation policy.
